At our last
**Celebration
Assembly**
the **Star
Awards**

went to Otto
and Delilah
in Dinghy
Class, Sunny,
Katie and
Oliver in Skiff

Class, Ruby, Jonquil and Joe in Lugger Class and Sawyer, Isabella and Angelina in Schooner Class. This week the awards go to Caydan in Dinghy Class, Keeley, Huxley and Beau in Skiff Class, Sarah-Jane, Daisy and Soloman in Lugger Class and Sherry, Flynn and Charlotte in Schooner Class. Congratulations, you are all Mousehole stars!

Dinghy Class had an amazing adventure while on a quest to find Cormoran, the giant of St Michaels Mount. After a bumpy ride to the mount the giant was know where to be seen! However, the children were delighted to find a message in a bottle from Jack telling them how he had tricked and caught the giant.

FROMS would like to say a BIG thank you to everyone who turned up to the **Afternoon Tea** event at the Solomon Brown Hall on Thursday. With your support, they raised £155.00!

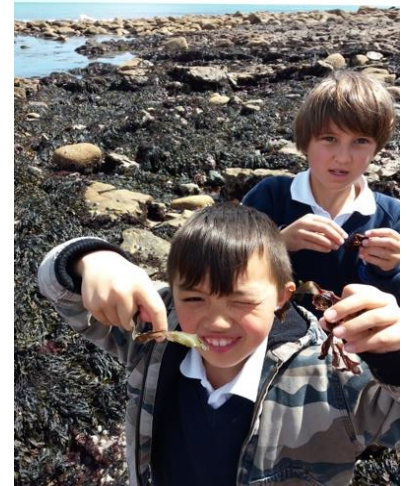

Hopefully you will have received an invite to use **Seesaw** which we intend to establish as the main means of communication with parents (after face to face communication). By September we intend to no longer send home paper letters to inform you about events in school.

Seesaw will provide direct communication with your child's class teacher and they will endeavor to respond to parents in good time however their prime concern will always be their work with your children so they will not be able to respond whilst teaching.

We understand the challenges of busy family life and keeping track of children being involved in different events. We realise that sending your children to Mousehole School means they may be involved in a large range of activities, we provide these opportunities because we believe they have a really positive impact on the children's development and experience of school. We also know that sometimes we make mistakes, information is missed or lost or we are misinformed by people organising the events. For as long as we are providing the kind of education we strive for at Mousehole and whatever method of communication we use, there will no doubt be mistakes and we would like to apologise for the times when these have caused inconvenience. We would also ask that you bear with us this term as we all get to learn how to use this new system as a means of communicate with you. Please be aware that we will only be able to approve membership for people who are on our contact list in the school office!

You should receive a consent form for us to use the system for your child and either an email invite or letter with instructions and a QR code. Hopefully the instruction for joining are all fairly self-explanatory but if you have any technical issues then please come and speak to us.

compare seaweed species as part of their science work on producers and consumers.

Skiff Class have been very busy this week exploring the sighting of Mouseholes' very own dinotech! The children spotted a footprint in the sand pit and found lots of pieces that may have fallen off the dinotech. It has not been spotted since..... keep your eyes peeled! Skiff Class have also been learning all about fossils and famous fossil hunters. They then became fossil hunters themselves and explored Mousehole beach for fossils.
