

We aim to create an exceptional school that harbours confidence, respect and a love of learning and prepares children for the challenges and adventures of life.

Thanks Becs, Sarah and Angela for such a great Christmas Lunch

With the start of the new term all the class will be freshened up and working on new projects.

Schooner Class are casting themselves into the magical world of Fantastic Beasts – Where could you find them? They are exploring habitats and adaptation in science, then applying their knowledge and designing their own enchanting, fantastical beasts. Look out for descriptive writing, 'factual' reports about their beasts and news articles about the havoc the beasts cause in the world of muggles.

Lugger Class will be learning about all things railway related: from the great age of steam travel to Tokyo bullet trains. They will be exploring the history of the London Underground, its iconic map and how tunnels and

bridges are designed to take trains under and over obstacles. The children will investigate how the railways revolutionised Great Britain and what their future holds.

Do you believe in Dragons? **Skiff Class** will be delving into the mythical and magical world of dragons and trying to separate fact from fiction. Their initial thoughts and ideas have thrown up some interesting big questions to answer, including:

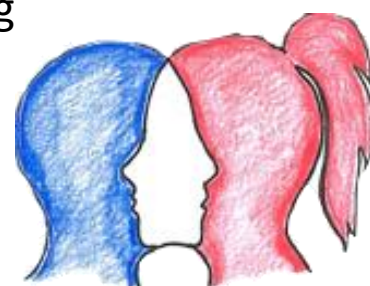

- What do we really know about dragons?
- Where do dragons come from?
- In which cultures, are dragons important?

We're looking forward to having lots of fun and would love to hear from any Dragon experts in our community.

Dinghy Class are going to become explorers and inventors, looking at the essential question 'what will you discover?' We will be going back in time to find out about explorers and inventors of the past and using timelines. We will then become explorers of our local area and will also be creating amazing inventions of our own! We can't wait!

Empathy and Equity The skill progression for next term. We want our children to have a conscientious understanding of and respect for the rights, equality and diversity of all, without discrimination. We believe it is important to equip children with the skills, attitudes and behaviours needed to develop mutual understanding and respect, empathy, trust, honesty and tolerance. We want our children to become confident, fair and responsible individuals who make informed and responsible decisions throughout their lives.

Christmas is fast approaching and the end of another very full and productive year. On behalf of all the staff and governors of Mousehole School, Mr Roynon would like to wish you all a very **Merry Christmas** and a very happy and healthy **New Year** for 2019. We look forward to seeing everyone back for the start of the Spring Term on Monday, 7th January 2019. We would also like to thank you for your co-operation and commitment throughout 2018 and making Mousehole School such a thriving, supportive and positive community. We cannot end this term without expressing our thanks to the Friends Of Mousehole School {FROMS} for their continued fundraising for those extra items and activities that make the children's school experience such a special one.
