**Curriculum News:** part of our school improvement plan is to change the way we deliver parts of the curriculum to match the new primary curriculum and more importantly to increase its impact on children's learning. Each class team has planned this term's learning in a project based approach. Each project includes: a final exhibition of work to an authentic audience (including parents); a themed classroom environment (see the pictures below); essential questions e.g. Are all heroes good and all villains bad? Were the Ancient Greeks as clever as we think?

Despite polite reminders, we still have a small number of children arriving late to school.

**School Starts at 8:50am.** It is disruptive when children arrive late in to class and can be stressful for your child. Following a recent meeting with our Education Welfare Officer we will be keeping a record of children arriving late to school (after 8:50) and contacting the parents of persistent offenders.

As part of their rescue project Skiffs and Sloops have been learning about ship wrecks around the Cornish coast. They created a very long time line showing when different wrecks happened. It reached half way across the reception area! Next, they will be finding out about the work of famous Helston man **Henry Trengrouse.** Sloop Class have also begun work on their rescue

film: **Cindy, Anne and Bones.**

**FROMS :** The Christmas Cards were once again a huge success making an amazing £740 profit! A massive thank you to Reseigh {Millers mum} for all her hard work and to the local businesses who helped with the sale of the cards. The money made on the cards and the Christmas Fayre is allowing FROMS to present the school with a cheque for £2000. This money will go towards updating the school's IT provision. FROMS has also set a date for the next cake stall and this will be Friday 30<sup>th</sup> January – time for a sweet treat!
